This table represents all healthcare relationships of committee members with industry and other entities by authors or a member of the authors' household, including those not deemed to be relevant, at the time this document was under development. The table does not necessarily reflect relationships with industry at the time of publication. A person is deemed to have a significant interest in a business if the interest represents ownership of $\geq 5\%$ of the voting stock or share of the business entity, or ownership of $\geq \$5,000$ of the fair market value of the business entity; or if funds received by the person from the business entity exceed 5% of the person's gross income for the previous year. Relationships that exist with no financial benefit are also included for the purpose of transparency. Relationships in this table are modest unless otherwise noted. Please refer to <http://www.accf.org/guidelines/about-guidelines-and-clinical-documents/relationships-with-industry-policy> for definitions of disclosure categories or additional information about the ACCF Disclosure Policy for Writing Committees.

*Significant relationship.

†This disclosure was entered under the Clinical Trial Enroller category in the ACC's disclosure system. To appear in this category, the author acknowledges that there is no *direct* or *institutional* relationship with the trial sponsor, as defined in the ACCF Disclosure Policy for Document Development.

‡No financial benefit.

§Ms. Meehan was employed by Advocate Christ Medical Center as a VAD transplant coordinator during most of this writing effort.

¶Dr. Smith was employed by the University of Washington Medical Center as an Assistant Professor of Surgery; Division of Cardiothoracic Surgery, Associate Surgical Director of Cardiac Transplant and Mechanical Circulatory Support during most of this writing effort.

ACC = American College of Cardiology; AHA = American Heart Association; DSMB = data safety monitoring board; JAMA = Journal of the American Medical Association; LVAD = left ventricular assist device; NHLBI = National Heart, Lung, and Blood Institute; UCLA = University of California Los Angeles; VAD = Ventricular Assist Device.
