Stanley Wang	Austin Heart—Cardiologist and Sleep Specialist, Medical Director of Heart Hospital of Austin Sleep Disorders Center	None	None	None	• Amorceyte*	• AHA* • Heart Hospital of Austin* • Texas Medical Board*	None

This table represents all healthcare relationships of committee members with industry and other entities by authors, including those not deemed to be relevant, at the time this document was under development. The table does not necessarily reflect relationships with industry at the time of publication. A person is deemed to have a significant interest in a business if the interest represents ownership of $\geq 5\%$ of the voting stock or share of the business entity, or ownership of $\geq \$10,000$ of the fair market value of the business entity; or if funds received by the person from the business entity exceed 5% of the person's gross income for the previous year. Relationships that exist with no financial benefit are also included for the purpose of transparency. Relationships in this table are modest unless otherwise noted. Please refer to <http://www.acc.org/guidelines/about-guidelines-and-clinical-documents/relationships-with-industry-policy> for definitions of disclosure categories or additional information about the ACCF Disclosure Policy for Writing Committees.

*No financial benefit.

†Significant relationship.

ABCL = American Board of Clinical Lipidology; AHA = American Heart Association; ASPC = American Society for Preventative Cardiology; FDA = Federal Drug Administration; NPRCR = National Program to Reduce Cardiovascular Risk; UNC = University of North Carolina; VTE = venous thromboembolism.
